

## Laundry Powder

Charlie's Soap Laundry Powder is a revolutionary approach to total laundry care. Because clean clothes feel better, smell fresher, and last longer, Charlie's Soap was made to *clean* dirt and odors; not cover them up.

Born in the textile industry, Charlie's Soap Laundry Powder was formulated to safely and gently clean all the way to the fiber of *any* fabric. It rinses completely away leaving nothing behind except the fabric as the manufacturer intended. Colors remain vibrant, softness stays luxurious and performance characteristics remain completely intact.
