

Charlie's Soap

GREEN. CLEAN. GUARANTEED.

Charlie's Soap will keep your ride show-room clean.

Just about everyone has a way of getting around that involves wheels. Cars, trucks, race cars, motorcycles, scooters, they all get dirty. Washing can be fun, but it can get expensive, too. They tell you to get a tire cleaner, upholstery cleaner, wheel cleaner, engine degreaser, window cleaner, and then another cleaner for the rest of the car! That's a whole lot for just a little bitty vehicle.

It doesn't have to be that complicated. Charlie's Soap Indoor / Outdoor Surface Cleaner Concentrate (I/O) gets it done. A little can go a long way. No matter how fast it goes, Charlie's Soap can clean it safely, effectively, and economically.

Charlie's Soap is:

- ✓ CLEAN.
 - Nothing cleans as thoroughly as Charlie's Soap. (SGS Testing Labs)
 - Targets the stains, not the surface. Will not damage the clear coat.
 - No gloves or masks required. Safe for your skin.
 - Use on any washable surface.
 - It rinses away completely. (Clemson University School of Textiles)
- ✓ GREEN.
 - 97% biodegradable in just a month (Japan Food Research Labs)
 - Your family will be safe because of our Non-Toxic formula.
 - Safe for storm drains
- ✓ GUARANTEED.
 - We believe in only making products that work well.
 - Use as directed and you can cruise in style.

Thank you for considering Charlie's Soap. We feel confident that you have made the right choice. We are here if you have any questions. Let me take a moment to explain how to use Charlie's Soap for your ride.

CLEAN. CLEAN. GUARANTEED.

Charlie's Soap

GREEN. CLEAN. GUARANTEED.

Start with the tires, wheels and undercarriage.

1. Spray Charlie's Soap Indoor / Outdoor Surface Cleaner Concentrate (I/O) full strength liberally.
2. Allow to sit. NOTE: Do not apply to hot wheels. Rinse polished aluminum surfaces within 5 minutes.
3. Rinse when you finish washing the car.

• Move onto the body: Metal, plastic, rubber, vinyl, or canvas.

1. Mix $\frac{1}{4}$ cup of I/O per 5 gal of water.
2. Sponge or brush on one quarter panel at a time, including windows.
3. Allow to sit for around 5 minutes (MAX) and then hose off with water.
4. Move on to the next quarter panel.
5. Dirty I/O and water mix will continue to clean, but be wary of grit.
6. Spray engine compartment (except electric coils) with half strength I/O allowing to sit for 5 minutes, and rinse off.

• Now, detail the interior with I/O *quarter strength*.

○ Works great on leather and vinyl upholstery and plastic surfaces.

1. Apply I/O to surface conservatively.
2. Allow I/O to sit a moment to work its way behind grease and grime.
3. Wipe off with a dry towel, or wet chamois.
4. NOTE: Not recommended for interior of windows.

• For spots on fabric upholstery...

○ Use Charlie's Soap I/O *full strength*.

1. Wet the area
2. Spray I/O once on the spot.
3. Let it sit for a few minutes, and then agitate with a stiff brush.
4. Add water and extract with a wet/dry vacuum.
